THE HON'BLE MR JUSTICE B.PRAKASH RAO

-

Rev.WPMP.No.21930 of 2005

In

W.P.No.22345 of 2003

-

ORDER:

The petitioners here, who are the third parties, belong to Scheduled Caste and Scheduled Tribe Community.

The grievance of the petitioners is that the direction given by this Court with regard to the compliance for conducting the auction of entire 45 acres, is affecting their rights and possession over the land in question. The petitioners herein claim their individual rights, title and interest thereon and contend that the conducting of any auction at the instance of the main writ petitioners for Ac.8.00 cents does not have merit consideration.

Having heard the learned counsel Mr.P.Rajashekar and M.V.Suresh Kumar, appearing on either side, it is seen that the petitioners' grievance was only to the extent of Ac.8.00 cents. However, having regard to the submissions made by the learned Government Pleader, the entire extent of land was directed to be sold by way of public auction. This Court did not go into any claims made by the review petitioners nor any right or title claimed by them.

In the circumstances, it is not necessary to give any such direction in respect of the land other than the one claimed by the writ petitioners. The review petitions are accordingly allowed. The direction given by this Court in the impugned order restricted only to an extent of Ac.8.00 cents in Survey Nos.216, 217 and 218 situated in Bopparam village, Ketapalli Mandal, Nalgonda District and the land

in review applicants does not cover or affect any possession, right, title and interest of the petitioners in respect of the land.

The review application is ordered accordingly.
